

2018 Engineering Employer of the Year Awards

The Engineering Employer of the Year Awards will honor the firms and agencies that are helping build Georgia's future. This award will recognize small, medium, and large private firms as well as public sector agencies who have contributed to the engineering industry through the planning, design, and implementation of critical projects through the cultivation of talented professionals and through the advancement of the profession via community involvement and education.

We would like to extend this opportunity to you to nominate your employer or any firm/public sector agency you think deserves to be recognized for their contribution to the engineering field in Georgia. The awards and requirements are defined below.

Awards Categories:

1. Small Business (<50 employees)
2. Mid-size Business (50-100 employees)
3. Large Business (>100 employees)
4. Public Sector (any public entity)

Nomination Submittal Requirements:

The nominations should be concise in length to assist the Awards Committee in their review. Please type or print clearly using the attached form.
